MEMORANDUM

OFFICE OF THE GOVERNOR

TO: Charles F. Herbert
Commissioner of Natural Resources

DATE : March 8, 1974

FROM: William A. Egan
Governor

SUBJECT: Pipeline Coordinator

In January, I appointed the State Pipeline Coordinator to oversee administration of the pipeline right-of-way lease and to coordinate State surveillance of the construction and operation of the trans-Alaska pipeline system, a position essentially equivalent to that of the Federal Authorized Officer.

In order to enable the necessary and proper delegation of the authority of the Commissioner of the Department of Natural Resources under the Pipeline Right-of-Way Leasing Act, AS 38.35.210, I am, by this memorandum, assigning the position of Pipeline Coordinator and his staff to the Department of Natural Resources effective this date. The necessary personnel actions are to be taken in accordance with this memorandum.

To achieve maximum coordination of, and emphasis upon, the State's surveillance activities, the Pipeline Coordinator and his staff should be detailed to my office at your earliest opportunity.
